You Wear It Well

The idea of lingerie is counterintuitive. A woman nude is a creature completely revealed. And yet, a woman slightly dressed—if the garments are chosen just so—is often more lust-worthy. Why? A woman in lingerie has prepared herself to be ravaged, like a cake that has iced itself. A woman in lingerie has added a level of mystery to the narrative, tacitly asking you to play detective—to get to the bottom of things. Which, we're willing to guess, you are happy to do. Herewith, we've collected images of spectacularly beautiful women from our foreign editions around the globe, all in various forms of undress. Even if you're a diehard *PLAYBOY* reader in America, these pictures are likely new to your virgin eyes. It starts with Rosa Holleman of the Netherlands, pictured here. As the Van Halen lyric goes in "Everybody Wants Some": "I always like the way the line runs up the back of the stockings.... No, no, no, don't take 'em off...."

PLAYBOY

A woman is shown from the waist down, standing against a light-colored wooden wall. She is wearing black lace underwear with a garter belt and black high-heeled shoes with ankle straps. Her legs are crossed at the ankles, and a thin red line is visible on her right leg. The background is a wooden floor and a wooden wall.
